# Welcome to Adventureland

Dear parents,

You have come to the right place!

I believe that God has called you here to Terwillegar Community Church and He has a great plan to meet with you and your whole family. Adventureland at TCC is a place where kids are met with smiles, treated with dignity, loved with open arms, and disciplined to know Jesus better.

At TCC we believe that discipleship is a process not a program, and that discipleship happens when we experience meaningful teaching, form Christ-like habits, and engage in honest Christian community. Your kids will participate in all these components of faith formation in Adventureland on Sunday mornings.

My desire for our kids is that they will form friendships here that last them a life-time. They will see adult and youth volunteers who love and invest in them. They will learn and play alongside friends who genuinely care about their well-being, are excited to see them, and who share responsibility for one another's Christian habits.

This type of vibrant community is possible through the power of the Holy Spirit that Christ has promised to all Christian believers. I believe this power is already well at work in the lives of our kids and the Kingdom of God is visible in their midst.

Welcome to Adventureland. I hope your children encounter Christ in this place and that seeds of faith will be planted and cultivated for years to come.

I love walking the journey with you,

Jenna Hiron

# The Learning Plan 2023-24

Our kids are learning how the bible fits together to form one big story: the story of God's love for the world being realized through the birth, life, death and resurrection of Jesus. Every year we will be following the liturgical (Christian church) calendar to become familiar with bible stories and characters that will inspire kids and their families to grow in their bible literacy and their understanding of the Christian faith. Each month will follow a 4 or 5 week teaching series, designed especially for kids, that is presented in a way that is fun, engaging, and full of memorable moments! Check out our current teaching series outlined here on our website: [www.tcchurch.ca/childrens-resources](http://www.tcchurch.ca/childrens-resources).

# Discipleship Strategy 2023-24

We believe that church is a community and that discipleship happens when people engage in 1) honest biblical teaching while 2) surrounded by people who know them deeply and 3) are regularly practicing habits of a Jesus life-style. We believe that the Holy Spirit works through these habits to deeply transform lives. That means that faith formation doesn't just happen at church on Sunday mornings, it happens all the time!

## Growing with our peers.

Every stage of childhood development brings unique experiences to the family. Whether it's carrying around a diaper bag, or learning to potty train, starting school, or entering puberty, all of these milestones change the dynamic of the whole family. This is why we want our kids to grow in peer communities. Age groups are put together not only for the children to meet others who are experiencing the world in similar ways, but it also allows parents of similar stages to interact with each other through serving on the team, or at drop offs and pick ups.

Habits and rhythms of following Jesus are best taught through the example of mature Christians. Our programs are full of disciple-making volunteers of all generations whose lives testify to the transformative work of the Holy Spirit. Our team is made of loving volunteers who are invested in the growth of the next generation of Jesus followers, and it's by their example that our students will learn what it looks like to follow Jesus as a teenager, as a young adult, an adult, and a senior.

## Multi-generational care and support.

## Exploring the big picture of scripture.

Scripture is one story that reveals Jesus Christ as the saviour of the world. We follow the church liturgical calendar every year so that students can participate in every aspect of scripture starting with the old testament prophets, the life and ministry of Jesus, and the new church communities that unfolded after Christ's resurrection. It's really important that children attend consistently through the year so they can experience God's Story from start to finish.

# The Parent Commitment

Children need committed parents and guardians to help their faith flourish. That means that it will take intention, time and sometimes courage to remain in church community even when it's easier not to.

**Your children can make lifelong Christian friends in this church community.**

Consistency is key, and showing up every week is important to allow your child to develop relationships here.

**Your children can learn bible literacy in this church community.** Following along with the children's lessons and teachings will help you see the foundations of scripture that will last a lifetime.

**Your children will be disciplined by others in this church community.** You aren't doing this alone, and there are committed leaders to help you model mature Christian faith.

**Your children can grow up in this church community.** There is a place for your child to grow here as they transition through childhood, youth and young adult years. This is a safe community to plant roots.

# Join the Community

Today is only the first step. Come and be part of our community and let's grow together as we delve into the exploration of scripture, practice Christ-like love and discover Jesus in remarkable ways.
